FOR THOSE WHO CHASE RAINBOWS

RAINBOW7

ABOUT US

On this road we embarked on to produce healthy and high quality drinks to add colour to your energy, our experienced and reliable team that takes its energy from the rainbow that comes out right after the sun comes out just after the rain. Rainbow7, which belongs to UNPA GROUP limited company established in the centre of Karaman in 2013 , is Turkey's local and national beverage brand.

ÜNPA GROUP, which has made serious investments in the beverage sector, has launched Rainbow7 energy drink to the market in 2021 to make it a world brand as a result of long and intense development studies.

Rainbow7 has gained a significant market share in a short time with it's management approach that does not compromise on quality, health and development on this path that it started with the understanding of being an international brand.

03

rainbow7energy.com

UNPA GROUP RESEARCH AND DEVELOPMENT

Adopting the rules of hygiene and sanitation by saying health in the first place, working selflessly with a price ideology that can reach all consumers, adopting the understanding of producing healthy and high quality by earning less,

knowing it as a great responsibility of conscience to earn income from people's health, we are passionate with our professional staff and what we produce to maintain quality and development workability in the long term.

05

rainbow7energy.com

OUR GOAL

In order to make our brand a product that will appeal to all consumers, with our product portfolio and cultural studies in the international beverage market and to make our products that we have developed with our visionary team a beverage that can compete with the world beverage brands in terms of health and quality, we invest in advertisements of food technologies, digital marketing, development and laboratories to make a global brand that is constantly demanded by consumers.
